Deposit

A non-refundable deposit of €1,000 is required to ensure your place if you are accepted. You have four weeks to pay your deposit once you have been made an offer. Full fees must be paid before a student can register at MTU. This deposit will be deducted from the tuition fees.

How to apply for a MTU Scholarship

- Applications must be received on, or before the dates specified.
- Candidates will be considered automatically for a scholarship once they have been approved for a programme at MTU.
- Candidates must be self-funded and classified as non-EU for tuition fee purposes.
- Successful candidates will be notified if they are in receipt of a scholarship on their Offer Letter.
- Successful candidates will be required to accept their offer and pay the required deposit of €1,000 within 4 weeks of receipt of offer to secure their place on their chosen course and to secure the scholarship awarded.
- The purpose of the scholarship awarded is to reduce the published non-EU tuition fee by the amount of the scholarship award. The scholarship amount is not to be dispersed directly to the successful candidate.
- Scholarships are applicable for each year of study.

Global Citizen's Scholarship

The MTU Global Citizenship Scholarship is an active citizenship and engagement based scholarship programme developed to create opportunities for international students to develop a well-rounded graduate profile through their participation in volunteering & other activities. Students will be informed on how to apply once an offer letter have been issued.

The **Government of Ireland International Scholarships** are awarded to high calibre students from non-EEA countries to study in Ireland for a period of one year. You can find out more here. Please direct all queries to goi-ies@hea.ie

MTU accept the GOI-IES scholarships for the following courses only:

MA PR with New Media
MA Contemporary Art Practice
MA Journalism and Digital Content Creation
MA Music (Taught)
MA Music and Technology

*Scholarships do not apply to all programmes.

Student Testimonials

“ MTU is a wonderful choice for anyone planning to study engineering. As a mechanical engineer I have been given the opportunity to learn from lecturers that have years of experience working in the field as well as the chance to put the theoretical to practical use during the various laboratory experiments. The lecturers and staff alike are willing to go the extra mile to provide assistance and guidance to make the transition into a higher education more pleasant. MTU provides you with the chance to engage in different societies and clubs that help you enjoy the moment as well as introduce you to a wider community of students.

Leul Tesfaye, Ethiopia
Bachelor of Engineering (Honours)

“ I'm an international student from China. This is my first time studying abroad. Ireland is a beautiful country. The people here are very friendly and hospitable. MTU is a very beautiful and well-equipped university. We often go to the library to read books. In addition to professional courses, the school also arranges academic support courses, which are very helpful for international students. The teachers are very patient. In our spare time, we will also participate in school club activities, such as swimming, badminton, etc., participate in various school activities with our classmates or visit the sights of Ireland. I feel that life is still very fulfilling. The setting of all-English courses made us more stressed at the beginning, and at the same time, it quickly improved our English ability, and our learning attitude was much more proactive than in China.

Junwen Deng – China
Master of Science in Nursing (International)

“ I never thought I would ever set foot in this country and study here. I did not know anything about it before I arrived. The students are friendly, the teachers are patient, and the school life is very comfortable. The students are familiar, the teachers are patient, and the school life is enjoyable. All these things make me feel very warm when studying in a foreign country: the fresh air, the beautiful rainbows, the friendly Irish people and the relaxed lifestyle. I don't think there is anything I wouldn't like about such a beautiful country!

Siu Lok Lam – Hong Kong
Bachelor of Arts (Honours)
Event Management

“ Before coming to MTU, I knew very little about Ireland, by choosing to study here has been the biggest decisions I have made. The teachers of MTU are supportive, and the diverse student community has given me the chance to make friends from around the world. The campus is welcoming, and I've had amazing experiences both academically and personally. Exploring Ireland's beautiful landscapes, meeting the friendly locals, and enjoying the relaxed lifestyle has made my time here unforgettable.

Yiran Wang - China
Bachelor of Arts (Honours)
Creative Digital Media
